Opening a new location can be a very exciting, yet stressful time. One way to help reduce the stress is to outsource the hiring function. That's where PEI comes in!

Personnel Evaluation, Inc. can help you conduct a "mass hire". From administrative staff, highly trained professional interviewers, ergonomics test administrators, and on-site drug screening, PEI can effectively accommodate hundreds of applicants each day, giving individualized attention to each one. Our interviewers use the most effective, legal interviewing techniques.

We have conducted "mass hires" for new store and warehouse openings for over 15 years. Our hiring experts will coordinate with your hiring staff to do as little or as much as you would like. We have interviewed thousands of applicants, from baggers to order selectors to upper level management.
